

# Dedication

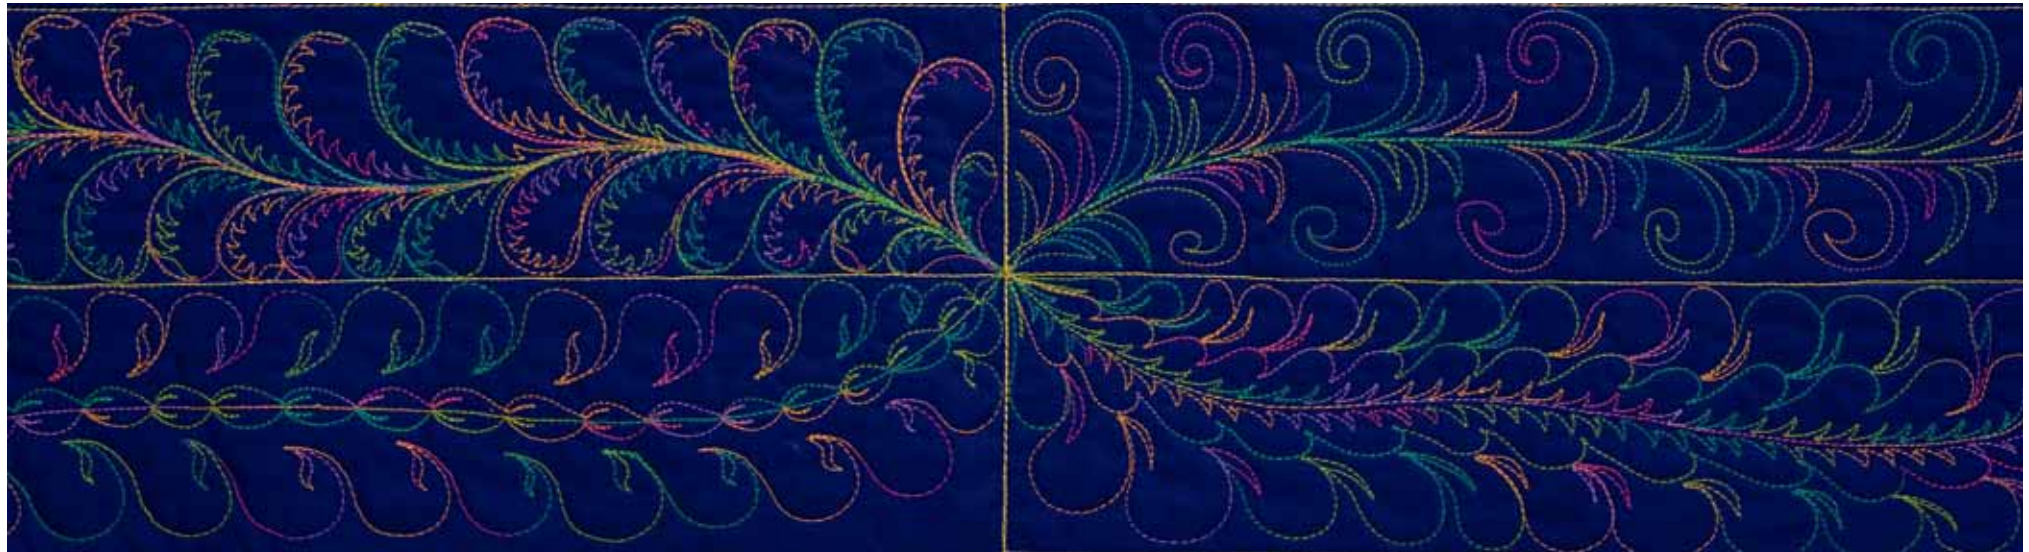

As always this book is dedicated to my three children, Jessie, Micheal, and Alexis, who always inspire me to reach for the stars but remind me to take time to rest in the clouds and enjoy the beauty that's all around me.

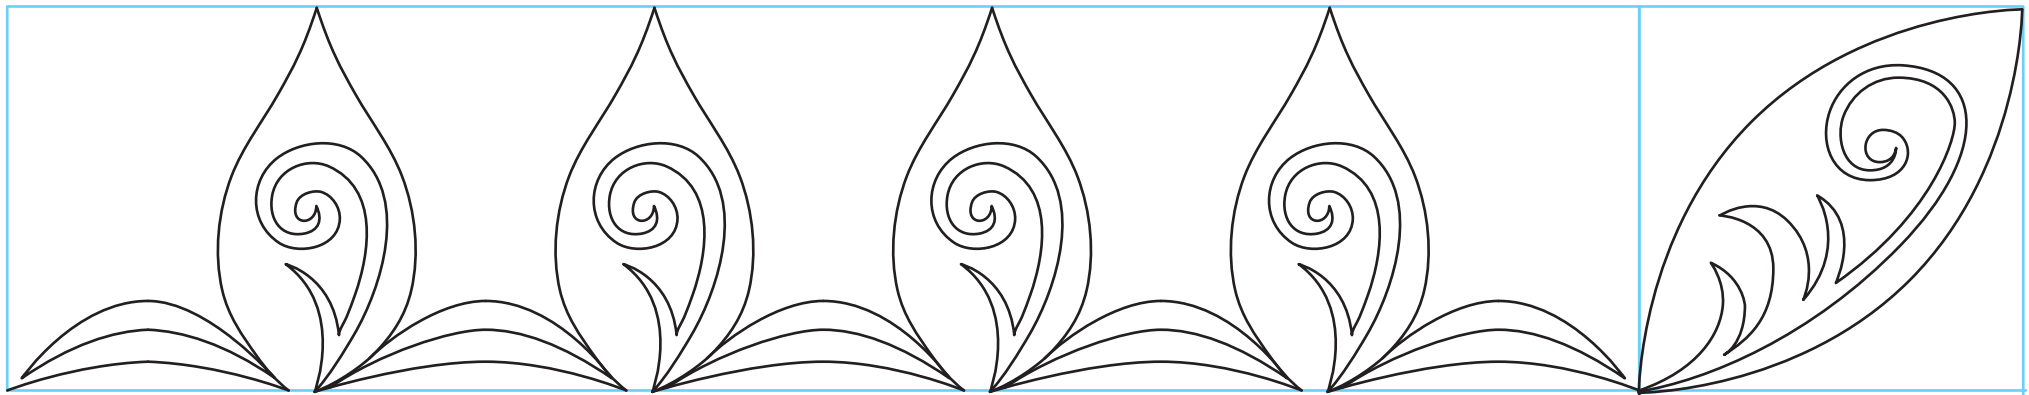

# Acknowledgments

I believe that the people we share our lives with mold who we are and what we achieve. I am truly blessed to be surrounded with wonderful people in my life. They encourage me when I am doubtful, inspire me to take time to be creative, ground me when life gets too crazy, and organize me so I can stay on track and keep to the tasks at hand. So, here I would like to give special thanks to Virginia Mitchell and Jon Vorich, my endless (tireless) motivators. I would also like to thank all my students who have requested and strongly encouraged me to complete another book.

Stunning Sashings & Cornerstones . . .	14–40	About the Author . . . . .	95

I like to use similar designs in my sashings and cornerstones instead of always using the same design. It will add interest, texture, and your own sense of style to the finished quilt.
