## CAT IN THE WINDOW Wallhanging and Pillow

**CAT IN THE WINDOW PILLOW**  
18" x 18". A light box was used to position the filler pieces, which were covered with a decorative cord during the appliqué. A contrasting strip is inserted when applying the binding.

**CAT IN THE WINDOW WALLHANGING**  
18" x 18". The foundation was quilted prior to appliquéing the frame.

Use these simple but striking silhouettes to make a pair of complementary pillows or a pillow and wallhanging to display together.

Review Chapter 3 for detailed Dual Image Appliqué instructions.
